Breeze Courier

Serving Over 40,000 People
In And About Christian County

*Greetings To Our Farmer Friends From
Christian County's Only Daily Newspaper*

Many Plat Book Subscribers already are familiar with The Breeze-Courier. They have, in fact, been among our constant readers for many years. The B-C appreciates this steady patronage.

Many others of our rural neighbors have not had an opportunity to get acquainted with The Breeze-Courier. For this reason, we are making a special offer (see preceding page).

We believe you'll find The Breeze-Courier offers a balance of reading of interest to urban and rural subscribers and of interest to every member of the family.

In the Breeze-Courier, for instance, you will find every Friday a page devoted intirely to the Farmer, in the name of the Christian County Farm Bureau Page. Early in the week the Farm Adviser submits his column. We give rainfall reports. Throughout the season on the editorial page we give crop yield reports, grain market reports from the U. of I. calendar of events about the state, grain and livestock markets, insect surveys, corn production reports, FFA and FHA and 4-H activities coverage, wide Home Bureau Activity reports, soil conservation, commodity credit reports, Engineering and Economic reports from the University of Illinois, and much other information of a timely nature, coming to you through the services of the columns of the Breeze-Courier.

Yes, there is great emphasis on farm and rural news, plus complete coverage of world and regional events. You also find your favorite high school team's results. And you'll enjoy the many outstanding feature writers. Why not take advantage of our special offer today?

You Are Invited To Visit The Breeze-Courier

Here is an invitation to rural groups to visit your local newspaper plant. Get together with your friends in community clubs or organizations, or make up a group of neighbors, and plan a tour of this publishing building.

Throughout the course of a year a number of classes of school children are conducted through the plant and are given a lengthy explanation of anything pertinent to the business engagements of publishing a daily newspaper in so far as their questions can be answered.

It is our custom not to place any limitation upon the length of time that an individual or a group may be so engaged and sufficient force is delegated to see that you have made available to you every possible resource for information.

This courtesy is not limited to school children and other adults including teachers of the school have in the past availed themselves of this advantage to visit a publishing company.

We have held and firmly believe that you will enjoy the enormity of the process of this particular business which we profess is as interesting and as diversified as any other business on the face of the earth.

Be sure to come and see how your newspaper is produced.

At right is business reply card for your classified ad in The Breeze-Courier.

Turn page for special instructions on how to use this special service at reduced rates. Tear out card and mail as indicated.

AGRICULTURE IN CHRISTIAN COUNTY

MR. KERMIT O. ROE
Farm Adviser

MR. CARL E. PFEIFFER
Asst. Farm Adviser

Christian County Consists of 17 townships, seven of which are considerably larger than the standard 36 section township. There were 334,092 total acres in cropland, 117,800 in corn, 145,000 soybeans, 47,900 wheat, 18,200 oats, 1800 barley, 500 rye and 14,700 hay, according to 1956 statistics. There were 5200 dairy cattle, 34,600 beef cattle, 60,400 hogs, 5900 sheep and 178,000 chickens in 1956.

Christian County is primarily a cash grain producing area with 93% of it total land area in crops. Value of agricultural products amounted to \$32,099,200 in 1956.

The services offered rural and urban people in Christian County are: 1. Cooperative Extension Service in agriculture and home economics with a staff of three full time Extension workers and one part time worker during peak load periods. Projects under the Extension Service: 4-H Club work, soil testing, Farm and Home Development, Dairy Herd Improvement, Farm Management and all phases of technical information in crops and livestock production and home and family management. 2. Production Credit Association. 3. National Farm Loan Association. 4. Farm Home Administration. 5. Soil Conservation Service. 6. Artificial breeding. 7. County Veterinarian. 8. Cooperative merchandizing in grain, petroleum products, feed, seed, fertilizers, electricity, and animal disease and parasite control products, crop disease, weed and insect control products, and insurance services. 9. Agriculture and Stabilization and Conservation which administer the ACP and CCC programs. 10. Farm Management Services.

These services have been made available primarily through organized effort of farm people working together to make a better agriculture and progress toward a higher standard of rural life.

The Farm and Home Bureaus are largest of the farm organizations in the county. Local funds required for the Cooperative Extension Service are contributed to the University of Illinois toward support of the Extension program by the county Farm and Home Bureau.

THE COUNTY FAIR IS THE SCENE OF MANY 4-H ACTIVITIES - - - JUDGING AND EXHIBITION OF PROJECTS, 4-H CALF SCRAMBLE, FLOAT PARADE, KING AND QUEEN CONTEST.
