THE DOUBLE WHIRL

A Novel and Amusing Pastime

White City Amusement Park, 63rd Street and South Parkway, Chicago, IL (1905)

The Double Whirl combines the pleasures of a ride on a miniature Ferris wheel and the old-fashioned carousel, both of which are familiar to almost every visitor at White City. Six miniature Ferris wheels, each attached to an enormous revolving shaft centered in a revolving drum, roll slowly round and round with their loads of passengers. No elaborate description can be given of the Double Whirl, but it would take an endless amount of writing to describe the fun and pleasure of participation in its regular operation.
